Dear Ms. Giesler:

On January 24, 2017, Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company and West Penn Power Company (collectively, FirstEnergy) filed the results of their Request for Proposals (RFP) Processes and Rules (DSP-III January 2017 Solicitation) for provider of last resort service. The filing includes the proposed bid results procuring full requirements default supply generation service for FirstEnergy Commercial Customers electing to receive default service for the three month period March 1, 2017, to May 31, 2017. The DSP-III January 2017 Solicitation includes four products in a Full Requirements Auction at Docket Nos. P-2013-2391368, P-2013-2391372, P-2013-2391375 and P-2013-2391378 (P-2013-2391368 et al).

This filing was submitted in accordance with the RFP Process and Rules filed by FirstEnergy. The RFP Process and Rules were filed pursuant to the Commission's Opinion and Order, entered July 24, 2014, at Docket No. P-2013-2391368 et al.

FirstEnergy requests that the Commission approve the bid results from the DSP-III January 2017 Solicitation on or before January 25, 2017.

Further investigation does not appear to be warranted at this time, since the bid results from the DSP-III January 2017 Solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we direct FirstEnergy to disclose the results of the DSP-III January 2017 Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010 at Docket No. M-2009-2082042.
