Re: Results of Request for Proposals Process – DSP-V November 2021 Solicitation  
for:  
Metropolitan Edison Company  
Pennsylvania Electric Company  
Pennsylvania Power Company  
West Penn Power Company

Dear Ms. Giesler:

On November 9, 2021, Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company, and West Penn Power Company (collectively FirstEnergy) filed the results of its Request for Proposals (RFP) Process and Rules for the November 2021 Solicitation for provider of last resort service. The filing includes bid results of twelve products in a declining clock auction for the supply for residential and commercial customers who will receive default service from FirstEnergy within the period December 1, 2021 through May 31, 2023.

This filing was submitted in accordance with the RFP Process and Rules filed by FirstEnergy. The RFP Process and Rules were filed pursuant to the Commission's Order, entered September 4, 2018, at Docket Nos. P-2017-2637855, P-2017-2637857, P-2017-2637858 & P-2017-2637866.

FirstEnergy requests that the Commission approve the bid results from the November 2021 Solicitation on or before November 10, 2021.

Further investigation does not appear to be warranted at this time, since the bid results from the November 2021 Solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we direct FirstEnergy to disclose the results of the November 2021 Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.

Please direct any questions to Darren Gill, Deputy Director, Bureau of Technical Utility Services, at (717) 783-5244.

Sincerely,
